### Transactions with non-controlling interests

The US\$178 million reported in 4.2.4 Consolidated Statement of Changes in Equity corresponds to the recognition of non-controlling interests in the *FPSO N'Goma* entities upon the completion of the Sonangol transaction.

The US\$238 million reported in 4.2.4 Consolidated Statement of Changes in Equity mainly relates to :

- Multiple equity contributions from the partners in the subsidiaries related to *FPSO Sepetiba*, *FPSO Alexandre de Gusmão* and *FPSO Almirante Tamandaré*, out of which US\$196 million were cash transactions;
- The recognition of non-controlling interests upon the divestment of a 13.5% ownership interest in the special purpose companies related to the lease and operation of the *FPSO Sepetiba* to CMFL;
- Partially offset by US\$(27) million reattribution of dividends from non-controlling interests over Sonasing Xikomba Ltd.

As announced on October 24, 2024, the Company completed the divestment of a 13.5% ownership interest in the special purpose companies related to the lease and operation of the *FPSO Sepetiba* to CMFL. This follows the announcement on February 10, 2022, of an agreement whereby CMFL would acquire its ownership interest upon completion of the *Sepetiba* project. The Company is operator of the FPSO and will remain the majority shareholder with 51% ownership interest.

As detailed in note 4.3.30 Business Combinations, in 2024, the Company acquired control of Sonasing Xikomba Ltd. through the purchase of an additional 30% stake from Sonangol, together with a subsequent disposal of 20% to AOSL. Both transactions were considered linked transactions and were therefore recognized as a single transaction. Thus, the percentage of dividends attributed to non-controlling interests, presented under the caption 'Cash dividend' of the statement of changes in equity, was based on the deemed ownership, while a dividend was distributed to its shareholders based on the legal ownership. Accordingly, an amount of US\$27 million was reattributed in equity from non-controlling interests to retained earnings.

As announced on September 6, 2024, the Company and its partner MISC Berhad signed share purchase agreements for the total acquisition of MISC Berhad's entire effective equity interest in the lease and operating entities related to the *FPSO Espirito Santo* in Brazil. The transaction was completed on January 31, 2025 following the completion of conditions precedent and therefore did not impact non-controlling interests, as of December 31, 2024.

### Financial information on non-controlling interests (NCI)

Included in the consolidated financial statements are the following items that represent the Company's interest in the revenues, assets and loans of the partially owned subsidiaries.
