### 4.3.34 EVENTS AFTER END OF REPORTING PERIOD

#### DIVIDEND AND SHARE REPURCHASE PROGRAM

After a review, the Company updated its shareholder return policy in 2024 as follows: 'The Company's shareholders return policy is to maintain a stable annual cash return to shareholders which grows over time, with flexibility for the Company to make such cash return in the form of a cash dividend and the repurchase of shares. Determination of the annual cash return is based on the Company's assessment of its underlying cash flow position. The Company prioritizes a stable cash distribution to shareholders and funding of growth projects, with the option to apply surplus capital towards incremental cash returns to shareholders.'

As a result, following review of its cash flow position and forecast, the Company intends to pay US\$1.59 per share through a proposed US\$155 million dividend<sup>6</sup>(EUR150 million equivalent or US\$0.88 per share<sup>7</sup>) and US\$150 million (EUR141 million equivalent) share repurchase program<sup>8</sup>. This represents an increase of 30% compared with 2024. The objective of the share buyback program would be to reduce share capital and provide shares for regular management and employee share programs (maximum US\$25 million). Shares repurchased as part of the cash return will be cancelled.
