The lending conditions applied to the outstanding amounts between the cash pool leader and the Company are as follows:

- Fixed fee: The cash pool leader charges a handling fee of 0.075% (2023: 0.075%) to the Company; and
- Interest rate: Any receivable and payable balance that is outstanding for more than 90 days is subject to an interest rate of 2.50% (2023: 3.00%). Depending on whether it is a receivable or a payable balance, it will be either in favor of the Company or in favor of the cash pool leader.

The shareholders' equity in the parent company financial statements equals the equity attributable to common shareholders presented in the consolidated financial statements, except for legal and statutory reserves. The currency translation reserve, cash flow hedging reserve, capitalized development expenditure and investees equity non-distributable reserve are legal reserves that are required by Dutch law. Furthermore, on the statutory reserves, pursuant to the Company's Articles of Association, a 'Protective Preference Shares' reserve is required to be maintained by the Company.

The 'Investees equity non-distributable' legal reserve relates mainly to non-distributable profits generated by the co-owned entities (refer to note 4.3.29 Investment in Associates and Joint Arrangements and 4.3.31 Information on Non-controlling Interests). The agreed principle in the applicable shareholders' agreements is that the shareholders shall procure that any available reserves are distributable after paying any expenses due and taking into account co-owned entity and applicable legal requirements. However, as unanimous decision of shareholders agreements in most of the co-owned entities is required to distribute the profits generated, the equity of these entities is classified as a non-distributable reserve under Dutch guidelines for financial reporting. On a regular basis, the Company ensures that dividends are approved by the partners and distributed accordingly to the shareholders.
